OMNA Considerations

The OMNA registry needs to add and maintain the following Objects:

- * Object URN Identifier: urn:oma:lwm2m:oma:3
- * Object Name: Device
- * Object Specification URL: OMA-TS-LightweightM2M-Core-V1-1-20180612-C
- * Description: It provides a range of device related information which can be queried by the Lwm2M Server, and a device reboot and
factory reset function.
